

Dear Parents/Carers,

Following the publication of operational guidance on school re-opening by Welsh Government on 10/06/2020, we will issue documentation next week on how school reopening will be arranged at Stanwell School. We understand that many parents/carers want to read this information prior to answering the survey on whether or not they wish to send their child/children back to school in the week beginning 29/06/2020 and so we have extended the deadline for responses to be submitted to Wednesday 17th June.
