

Dear Parents/Carers,

Due to the significant disruption encountered in the last academic year, Stanwell School will not be entering current Year 11 students for the Mathematics GCSE November 2020 examination series. As you know, current Year 11 students were awarded Centre Assessment Grades (CAGS) for GCSEs in English Literature and Numeracy in August 2020. If any students wish to try and improve their grades in these two subjects, we recommend that they request a 're-sit'. For English Literature, this would be in January 2021 (Unit 1) or Summer 2021 (Unit 2). For Numeracy, we recommend the Summer 2021 resit opportunity. No class time will be spent on preparing for re-sits during the Autumn term as Mathematics lessons will focus on GCSE Maths and English lessons will focus on GCSE English Language.

Kind Regards,
Stanwell School
